Manager's Report

General

STANLIB Offshore Unit Trusts (the 'Trust') is constituted in accordance with the Collective Investment Funds (Jersey) Law 1988, as amended, and was established with different class funds (the "Class Funds"), each with their own investment portfolio and specific investment objectives.

Investment objectives and policy

The Standard Bank Global GoalConserver Fund of Funds Class Funds aim to achieve consistent growth of capital, with a low probability of capital loss over any short-to-medium term investment horizon typically between 2 and 4 years.

The Standard Bank Global GoalBuilder Fund of Funds Class Funds aim to achieve consistent growth of capital, with a low probability of capital loss over any medium term investment horizon typically between 4 and 7 years.

The Standard Bank Global GoalAdvancer Fund of Funds Class Funds aim to achieve consistent growth of capital, with a low probability of capital loss over any long term investment horizon typically between 7 and 11 years.

STANLIB Offshore Unit Trusts also contains STANLIB European Equity Fund, STANLIB Global Equity Fund, STANLIB Offshore America Fund, STANLIB Global Emerging Markets Fund, STANLIB Global Bond Fund, STANLIB Euro Cash Fund, STANLIB Sterling Cash Fund, STANLIB US Dollar Cash Fund, STANLIB Global Aggressive Fund, STANLIB Global Balanced Fund, STANLIB Global Balanced Cautious Fund, STANLIB Global Property Fund, STANLIB Multi-Manager Global Equity Fund and STANLIB Multi-Manager Global Bond Fund. These can be viewed in a separate set of financial statements.

The 6 Class Funds active at the end of the period are detailed below.

Investment structure

The Class Funds, which include the Standard Bank Global GoalConserver Fund of Funds (USD), Standard Bank Global GoalConserver Fund of Funds (GBP), Standard Bank Global GoalBuilder Fund of Funds (USD), Standard Bank Global GoalAdvancer Fund of Funds (USD), Standard Bank Global GoalAdvancer Fund of Funds (GBP) were open to all eligible investors as at period end.

Each Class Fund is regarded as being separate from the others. Investors subscribe to a Class Fund on the basis of the price calculated from the net asset value per unit for that Class Fund. On redemption they are entitled to proceeds based upon the net asset value per unit of the Class Fund from which they redeem.

Results and distribution policy

The results of the Class Funds for the period are set out on pages 6 to 7. It is the policy of the Trust not to distribute income. The net income of each Class Fund is retained within the net asset value of that class.

Management and administration

Manager

STANLIB Fund Managers Jersey Limited is the Manager of the Trust. Its ultimate holding company is Liberty Holdings Limited, a company registered in South Africa.

The Manager is responsible for the periodic calculation of the net asset value of units in each Class Fund, administering the issue and redemption of units and the general administration of the Class Funds.

The Manager carries out the function of registrar. The Manager retains the investment management function.

Review of Business Risks and Uncertainties

Refer to note 8 Financial Risk Management, for details of the risks and uncertainties.

Notes to the financial statements

1. Incorporation

STANLIB Offshore Unit Trusts (the "Trust") was constituted in Jersey on 2 May 1997.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the years presented unless otherwise stated. These financial statements have been prepared on a going concern basis under the historical cost convention as modified by the measurement at fair value of investments in accordance with applicable Jersey Law and United Kingdom Generally Accepted Accounting Practice ("UK GAAP") including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" ("FRS 102"). The Trust holds a fund certificate issued pursuant to the Collective Investment Funds (Jersey) Law 1988 and is regulated by the Jersey Financial Services Commission ("JFSC") as an unclassified fund. A summary of the more important accounting policies is set out below.

Below is the list of the Class Funds covered in this set of financial statements.

Class Name	Currency	Launch Date
Standard Bank Global GoalConserver Fund of Funds	(USD)	11-Dec-2018
Standard Bank Global GoalConserver Fund of Funds	(GBP)	24-Dec-2018
Standard Bank Global GoalBuilder Fund of Funds	(USD)	11-Dec-2018
Standard Bank Global GoalBuilder Fund of Funds	(GBP)	24-Dec-2018
Standard Bank Global GoalAdvancer Fund of Funds	(USD)	11-Dec-2018
Standard Bank Global GoalAdvancer Fund of Funds	(GBP)	24-Dec-2018

STANLIB Offshore Unit Trusts also contains STANLIB European Equity Fund, STANLIB Global Equity Fund, STANLIB Offshore America Fund, STANLIB Global Emerging Markets Fund, STANLIB Global Bond Fund, STANLIB Euro Cash Fund, STANLIB Sterling Cash Fund, STANLIB US Dollar Cash Fund, STANLIB Global Aggressive Fund, STANLIB Global Balanced Fund, STANLIB Global Balanced Cautious Fund, STANLIB Global Property Fund, STANLIB Multi-Manager Global Equity Fund and STANLIB Multi-Manager Global Bond Fund. These can be viewed in a separate set of financial statements.

2. Accounting Policies

a. Basis of Accounting

These unaudited interim financial statements for the period 1 January 2020 to 30 June 2020 have been prepared in accordance with FRS 102 as issued by the Financial Reporting Council ("FRC").

The Directors of the Manager have applied FRS 102 for its annual and FRS 104 "Interim Financial Reporting" for its unaudited interim financial statements. The Trust has also applied "Amendments to FRS 102 - Fair value hierarchy disclosures" which were issued in June 2016 and are applicable for accounting periods beginning on or after 1 January 2017 with early application permitted.

The information required by FRS 102, to be included in a single statement for the reporting period displaying all items of income and expenses recognised during the period including those items recognised in determining profit or loss and items of other comprehensive income and a Reconciliation of Movements in Shareholders' Funds is, in the opinion of the directors, contained in the Statements of Comprehensive Income and Statements of Changes in Net Assets Attributable to Holders of Redeemable Units on pages 6 to 9 relate to continuing activities.

The Trust has availed of the exemption available to open-ended investment funds under Section 7 "Statement of Cash Flows" of FRS 102 (Section 7.1a (c)), not to prepare a cash flow statement on the basis that substantially all of the Trust's investments are highly liquid and carried at fair value, and the Trust provides Statements of Changes in Net Assets Attributable to Holders of Redeemable Units.

b. Income

Dividends on investments are credited to investment income on the ex-dividend date. Dividends are shown gross of withholding tax deducted at source. Withholding tax is reported separately as taxation change in the Statement of Comprehensive Income. Bond interest income is accounted for on an effective yield basis. All other income is accounted for on an accruals basis.

Notes to the Financial Statements (continued)

2. Accounting Policies (continued)

c. Expenses

The Trust is responsible for its own operating expenses, including audit and legal fees and charges incurred on the acquisition and realisation of investments. Such operating expenses will be borne by the Class Funds as the Managers shall determine, and usually pro rata in proportion to the net asset values of the funds if not clearly attributable to a specific Class Fund. The level of general costs and expenses to be borne by unit holders will be affected by the performance of investments held by the Trust.

The expenses of introducing new Unit Classes will be charged to the relevant unit class as provided for in the fund rules.

All expenses, including operating expenses, custodian fees and management fees are accounted for on an accruals basis.

d. Cash and cash equivalents

Cash is valued at cost, which approximates fair value.

Cash is held in accounts at The Bank of New York Mellon SA/NV London branch which allows the Class Funds instant access to their accounts.

e. Foreign currency

The functional and reporting currency of Standard Bank Global GoalConserver Fund of Funds (USD), Standard Bank Global GoalBuilder Fund of Funds (USD) and Standard Bank Global GoalAdvancer Fund of Funds (USD) is USD. The functional and reporting currency of Standard Bank Global GoalConserver Fund of Funds (GBP), Standard Bank Global GoalBuilder Fund of Funds (GBP) and Standard Bank Global GoalAdvancer Fund of Funds (GBP) is GBP.

Foreign currency transactions are translated into the currency of the Class Fund at the rates of exchange ruling on the transaction date. Foreign currency balances are translated into the base currency of the Class Fund at the rate ruling on the Statements of Financial Position date. Gains and losses on translation are recognised in the Statements of Comprehensive Income.

f. Investments

Investments are recognised at cost on the trade date, being the date on which the Class Fund commits to purchase the investment and becomes party to the contractual provisions of the securities. Transaction costs are recognised as part of the consideration and capitalised in the purchase cost.

Subsequent to initial recognition, Funds held are valued at Net Asset Value per unit. Financial liabilities are valued at offer price. Gains and losses on sales of investments are calculated on an average cost basis and are recognised within net realised gain or loss on investments in the Statements of Comprehensive Income in the period in which the Class Fund commits to dispose of the securities.

Investments are derecognised when the Class Fund becomes party to contractual provisions of the securities that give rise to transfer of substantial rights and obligations arising from the securities.

On disposal of investments, gains and losses on sale of investments are calculated on an average cost basis and are taken to the Statement of Comprehensive Income in the period in which they arise.

On initial application of FRS 102, in accounting for all of its financial instruments, an entity is required to apply either (a) the full requirements of Sections 11 "Basic Financial Instruments" and Section 12 "Other Financial Instruments Issues" of FRS 102, (b) the recognition and measurement provisions of International Accounting Standards ("IAS") 39 "Financial Instruments: Recognition and Measurement" ("IAS 39") as adopted for use in the European Union and the disclosure requirements of Sections 11 and 12, or (c) the recognition and measurement provisions of International Financial Reporting Standards ("IFRS") 9 "Financial Instruments" ("IFRS 9") and the disclosure requirements of Sections 11 and 12. The Trust has elected to apply the full requirements of Sections 11 and Section 12 of FRS 102. The Trust has elected to use mid prices on the portfolio statements for the financial statement purposes.

g. Issue and Redemption of units

Units may be issued at the issue price and redeemed at the redemption price on business days in the Island of Jersey at the prices calculated in accordance with the Trust Deed and based on the value of the underlying investments held.

Notes to the Financial Statements (continued)

2. Accounting Policies (continued)

h. Net gains/(losses) on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets held for trading and excludes interest and dividend income and expenses. Unrealised gains and losses comprise changes in the fair value of financial instruments for the period. Realised gains and losses on disposals are calculated using the average cost method and are reflected as net gains or losses on financial assets through profit or loss in the Statements of Comprehensive Income.

i. Withholding taxes

In some jurisdictions investment income is subject to withholding tax deducted at the source of the income. Withholding tax is a generic term used for the amount of withholding tax deducted at the source of the income and is not significant for the Portfolio. Withholding tax is disclosed separately as a tax charge from the gross investment income in the Statements of Comprehensive Income.

j. Distribution policy

The Trust's policy is to not distribute any income on its participating units.

3. Fees, expenses and rebate income

The fees of STANLIB Fund Managers Jersey Limited (the "Manager") and Apex Financial Services (Corporate) Limited (the "Trustee and Custodian") are calculated as a percentage of the daily net asset value of each Class Fund and paid monthly in arrears.

The Manager and Trustee currently charge rates for the different Class Funds that are less than the maximum permitted by the Prospectus. The specified maximum rate for the Trustee and Manager is 3%. Three months' notice to Unitholders is required before the rates currently charged may be increased.

The Trustee has agreed to charge the following rates:

- 1) Trustee Fee: US\$ 60,000 per annum for the Trust
- 2) The fees of the Custodian shall be calculated as follows, subject to an overall minimum fee of US\$50,000 per annum (the "Minimum Fee")
- i) 0.035% per annum on any and all amounts up to US\$50 million of the Net Asset Value of that Class Fund;
- ii) 0.025% per annum on any and all amounts above US\$50 million of the Net Asset Value of that Class Fund but only up to US\$100 million;
- iii) 0.010% per annum on any and all amounts above US\$100 million of the Net Asset Value of that Class Fund but only up to US\$500 million; and
- iv) 0.005% per annum on any and all amounts above US\$500 million of the Net Asset Value of each Class Fund.

Such fees shall accrue daily and shall be payable by monthly payments in arrears becoming due on the first business day of each month in respect of the preceding month. The Minimum Fee shall increase in accordance with the Jersey Retail Price Index applicable on each anniversary of the agreement by virtue of which such fees were agreed.

The Trustee shall be entitled to charge the Trust on a time-spent basis for any work undertaken by it (including extraordinary visits to service providers) deemed by the Trustee (acting reasonably) to be necessary as a result of any breaches of the constitutional documents or prospectus of the Trust.

The Custodian is also entitled to be reimbursed out of the Class Funds for charges and transaction fees levied on it by any subcustodian (including The Bank of New York Mellon SA/NV) which shall be at rates which have been negotiated on an arm's length basis or are otherwise on commercial terms. Sub-custodians may apply global transaction and safekeeping fees based on individual country fees together with non-resident alien and reporting fees in respect of, respectively, income paid by USA incorporated companies and certain US beneficial owner accounts held with the sub-custodian. The Custodian is entitled to be reimbursed out of the Class Funds for out-of-pocket expenses, and any sub-custodian fees (which will be at normal commercial rates).

Notes to the Financial Statements (continued)

3. Fees, expenses and rebate income (continued)

The Management fee rates allowed to be charged to the Class Funds as at 30 June 2020 and 31 December 2019 are as follows:

Class Funds	Mana	Class gement es %	B3 Class Management fees %		
	30 June 2020	31 December 2019	30 June 2020	31 December 2019	
Standard Bank Global GoalConserver Fund of Funds USD	1.10	1.10	0.95	0.95	
Standard Bank Global GoalConserver Fund of Funds GBP	1.10	1.10	0.95	0.95	
Standard Bank Global GoalBuilder Fund of Funds USD	1.20	1.20	1.05	1.05	
Standard Bank Global GoalBuilder Fund of Funds GBP	1.20	1.20	1.05	1.05	
Standard Bank Global GoalAdvancer Fund of Funds USD	1.30	1.30	1.15	1.15	
Standard Bank Global GoalAdvancer Fund of Funds GBP	1.30	1.30	1.15	1.15	

The Trust is also charged other notable expenses as described in the prospectus. These include, audit fees, safe custody and transaction charges, legal fees, registrar fees and publication printing fees.

The costs described above do not include the costs suffered by the underlying funds.

The Manager may obtain a rebate or any fees or charges levied by an underlying fund or its Manager provided such rebates are paid into the Class Fund.

Notes to the Financial Statements (continued)

5. Taxation

For the purposes of Jersey taxation, the Trust will fall under Article 123C of the Income Tax (Jersey) Law 1961, as amended, as a Jersey resident trust which is neither a "utility trust" nor a "financial services trust" and as such will be charged Jersey income tax at a rate of 0% on its income (other than on any rental income or property development profits arising in respect of Jersey property or land). The Trust will not be subject to tax in Jersey on any capital arising to it.

Under applicable foreign tax laws, withholding taxes may be deducted from interest, dividends and capital gains attributable to the Trust, at various rates. The Trust pays withholding tax on dividends, which is deducted at source. This is shown separately as a taxation charge in the Statement of Comprehensive Income.

The following table is the withholding tax charged during the period 1 January 2020 to 30 June 2020 and 1 January 2019 to 30 June 2019 on the Class Funds:

Overseas tax - withholding tax on dividend income	Currency	30 June	30 June

Notes to the Financial Statements (continued)

7. Related party transactions and other expenses

The following disclosures are made in accordance with the requirements of Section 33 "Related party disclosures" of FRS 102.

STANLIB Fund Managers Jersey Limited (the "Manager") is considered to be related party to the Trust.

The Manager and Trustee are considered related parties by virtue of their respective contractual arrangements. The fees of the Administrator are paid by the Manager out of its fees. The amounts paid to the Manager and the Trustee are detailed in the Statement of Comprehensive Income. The amounts due to the Manager, Trustee and the Custodian are detailed in the Statement of Financial Position.

The Manager is also entitled to receive an initial commission fee of up to 3% and a switch fee of up to 1% of the gross amount invested. The Manager then pays such fees on to recognised agents and does not retain any financial benefit of either initial commission or switch fees.

All transactions with related parties above are at an arm's length.

The fees incurred during the period ended 30 June 2020 and 30 June 2019 are disclosed in the Statement of Comprehensive Income with the amounts outstanding at the period end disclosed in the Statement of Financial Position.

The Trust held investments in other STANLIB funds during the period. These funds are under the common management of STANLIB Asset Management (Pty) Limited. The investments were made on an arm's length basis in the ordinary course of business. Please refer to the portfolio statements on pages 24 to 29.

8. Financial risk management

The Class Funds are exposed to a number of financial risks arising from their investing activities. The financial risks vary for each Class Fund in line with each Class Fund's investment objectives and its related financial instruments.

The following are the key financial risks to which the Class Funds are exposed:

8.1 Market risk

Market risk is the risk that the fair value of future cash flows from financial instruments will fluctuate as a result of changes in market variables such as interest rates, foreign exchange rates and equity prices. The maximum exposure to market risk is limited to the carrying values of the financial instruments.

8.1.1 Interest rate risk

Interest rate risk is the risk that changes in interest rates will affect future cash flows or fair values of financial instruments.

The Class Funds are considered to have a significant exposure to interest rate risk as they invest in funds that invest in bonds and money market instruments respectively. It is not considered that the Class Funds are directly exposed to interest rate risk as they do not invest directly in bonds or money market instruments.

However, changes in interest rates affect the returns and net asset value of the underlying funds in which the Class Funds invest. Accordingly, the impact of interest rate fluctuations is reflected in the net asset value of the underlying funds and therefore considered as part of equity price risk.

8.1.2 Foreign exchange risk

Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Class Funds do not have significant exposure to foreign exchange risk due to their investment strategies.

8.1.3 Equity price risk

Equity price risk is the risk of unfavourable changes in the fair values of equities as a result of changes in the levels of equity indices and the value of individual units. The equity price risk exposure arises from the Class Funds' investments in equity securities, which include investments in other collective investment funds.

The Class Funds invest in underlying funds that invest in equity securities. The Class Funds are therefore considered to be significantly exposed to equity price risk as the movement in equity prices directly affect the returns and net asset value of the underlying funds.

Full details regarding the investment restrictions can be obtained from the prospectus.

Notes to the Financial Statements (continued)

8. Financial risk management (continued)

8.2 Liquidity risk

Liquidity risk is the risk that the Class Funds will encounter difficulty in meeting obligations associated with financial liabilities. The Class Funds' liquidity risk mainly arises because the Unitholders may redeem their units at any time. In accordance with the Trust's prospectus, units are redeemable at the holder's option based on the respective Class Fund's net asset value per unit at the time of redemption. The Class Funds are also exposed to the risk that other financial liabilities may become due before they realise readily liquid resources from their financial assets. This risk is, however, considered minimal. Therefore, the going concern basis is deemed appropriate by the Manager as a basis for preparing the financial statements.

If investments cannot be realised in time to meet any potential liability, the Trust is permitted to borrow up to 10 per cent of its Net Asset Value to provide short-term cash to settle redemptions. In addition, the Directors of the Manager may, at their discretion elect to restrict the total number of Units redeemed in any Class Fund on any Redemption Day to a maximum percentage of the outstanding Units in the Class Fund in accordance with the limits set down in the section of the Prospectus entitled "Deferred Redemptions", in which case all requests will be scaled down pro rata to the number of Units requested to be redeemed. The remaining balance of such Units may be redeemed on the next Redemption Day provided no such restriction is applicable.

Liquidity risk is managed primarily by requiring that the Class Funds invest in securities that are transferable and admitted to a recognised stock exchange.

Full details regarding the investment restrictions can be obtained from the prospectus.

8.3 Credit risk

Credit risk is the risk that counterparty to a financial asset will fail to honour an obligation under original terms of a contract, resulting in a loss to the Class Funds. The Class Funds' credit risk arises from cash at bank and debtors. Due to the values of these financial assets, credit risk is considered minimal.

Credit risk is generally managed by setting limits of the maximum amounts that may be placed on deposit with one counterparty and setting out minimum credit ratings for counterparties with which the Class Funds deal. Generally, 90% of the assets exposed to credit risk must be with institutions with a credit rating of "investment grade" by Standard & Poor's a division of The McGraw-Hill Companies, Inc. ("S&P")"or Moody's Investor Services ("Moody's") or Fitch Ratings Limited ("Fitch").

The Class Funds are not exposed to credit risk from the Custodian and Banker as all assets of the Class Funds are maintained in a segregated account, which are designated as client assets and are not co-mingled with any proprietary assets of Apex Financial Services (Corporate) Limited or The Bank of New York Mellon SA/NV.

The Custodian, Apex Financial Services (Corporate) Limited is not rated with Standard & Poor's, Moody's and Fitch.

The Sub-Custodian and Banker, The Bank of New York Mellon SA/NV has a credit rating of AA- with Standard & Poor's, Aa2 with Moody's and AA- with Fitch (31 December 2019: AA- with Standard & Poor's, Aa2 with Moody's and AA- with Fitch).

8.4 Capital Risk Management

The capital of the Class Funds is represented by the equity attributable to the holder of redeemable units. The amount of equity attributable to the holder of redeemable units can change significantly on a monthly basis, as the Class Funds are subject to monthly subscriptions and redemptions at the discretion of the unitholder. The Class Funds' objectives when managing capital is to safeguard the Class Funds' ability to continue as a going concern in order to provide returns for the unitholder and maintain a strong capital base to support the development of the investment activities of the Class Funds.

In order to maintain or adjust the capital structure, the Class Fund's policy is to perform the following:

- Monitor the level of monthly subscriptions and redemptions relative to the assets it expects to be able to liquidate within a month and adjust the amount of distributions the Fund pays to the redeemable unitholder.
- Redeem and issue new units in accordance with the constitutional documents of the Fund, which include the ability to restrict redemptions and require certain minimum holdings and subscriptions.

The Investment Advisor monitors capital on the basis of the value of net assets attributable to the redeemable unitholder.

8.5 Fair Value Hierarchy

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the period end date.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Notes to the Financial Statements (continued)

8. Financial risk management (continued)

8.5 Fair Value Hierarchy (continued)

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

FRS 102 requires the Trust to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Trust for similar financial instruments.

The fair value hierarchy has the following levels:

- Listed prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than listed prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Trust. The Trust considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The Trust's financial assets measured at fair value at 30 June 2020 and 31 December 2019 were all classified as Level 1 within the fair value hierarchy. There were no transfers between the levels during the reporting periods. There were no financial liabilities at 30 June 2020 and 31 December 2019.

9. Exchange Rates

The following closing exchange rates at 30 June 2020 and 31 December 2019 are used to translate foreign currency assets and liabilities:

GBP Funds	30 June 2020	31 December 2019

GBP/USD 1.23560 1.32475

10. Significant Events during the period

From January 2020 the Management fees charged on the Class Funds were as follows:

Class Funds	B1 Class	B3 Class
	Management	Management
	Fees %	Fees %
Standard Bank Global GoalConserver Fund of Funds USD	0.92	0.10
Standard Bank Global GoalConserver Fund of Funds GBP	0.92	0.10
Standard Bank Global GoalBuilder Fund of Funds USD	1.03	0.53
Standard Bank Global GoalBuilder Fund of Funds GBP	1.03	0.53
Standard Bank Global GoalAdvancer Fund of Funds USD	1.13	0.53
Standard Bank Global GoalAdvancer Fund of Funds GBP	1.12	0.52

Notes to the Financial Statements (continued)

10. Significant Events during the period (continued)

Since the start of January 2020, global financial markets have been monitoring and reacting to the novel coronavirus (Covid-19). The virus has spread across the world with major outbreaks across Europe, America and the Middle East, resulting in widespread restrictions on the ability of people to travel, socialise and leave their homes. Global financial markets have reacted sharply to this news, with concerns regarding the economic impact this may have on a global scale. The eventual impact on the global economy and markets will largely depend upon the scale and the duration of the outbreak. All of which may negatively impact the performance of Standard Bank Global GoalStandard Fund of Funds, Sub-Funds of STANLIB Offshore Unit Trusts, however the manager and all other service providers have enacted their respective business continuity plans and the manager will continue to monitor this situation closely.

There were no other significant events during the period ended 30 June 2020 that require disclosure in the financial statements.

11. Subsequent Events

There were no significant post Statement of Financial Position events up to the date of approval of the financial statements.

12. Approval of Financial Statements

The financial statements were approved by the Manager on 28 September 2020.

Other Information

Total Expense Ratio

The Total Expense Ratio ("TER") is calculated and disclosed as per the guidelines issued by the Investment Management Association. The ratio expresses the sum of all costs charged on an ongoing basis to each Class Fund's assets (operating expenses) taken retrospectively as a percentage of each Class Fund's average net assets. For clarity, when the fund is investing in other funds, the ongoing costs of these funds are not incorporated in the calculation of the TER.
