International Tax Compliance

The Foreign Account Tax Compliance Act (“**FATCA**”) was introduced by the United States of America (the “**US**”) in 2010 as part of the HIRE Act with the purpose of reducing tax evasion by their citizens. FATCA requires financial institutions outside the US to report information on financial accounts held by their US customers to the Internal Revenue Service. The information to be reported by foreign financial institutions is equivalent in substance to that required to be reported by US citizens in their US tax returns.

The US has developed an intergovernmental approach to the implementation of FATCA. On 13 December 2013, Jersey and the US signed an agreement to improve international tax compliance and to implement FATCA (the “**IGA**”). The terms of the IGA were implemented in Jersey by the Taxation (Implementation) (International Tax Compliance) (United States of America) (Jersey) Regulations 2014 which came into force on 18 June 2014.

Jersey has also signed, along with 102 other countries, a multilateral competent authority agreement to implement the OECD Standard for Automatic Exchange of Financial Account Information – Common Reporting Standard (“**CRS**”).

The Taxation (Implementation) (International Tax Compliance) (Common Reporting Standard) (Jersey) Regulations 2015 came into force on 1 January 2016 to give effect to the CRS (together with the Taxation (Implementation) (International Tax Compliance) (United States of America) (Jersey) Regulations 2014, the “**AEOI Regulations**”). The Jersey government has issued draft guidance notes in respect of CRS in Jersey which are supplementary to the core guidance issued by the OECD. There are also separate guidance notes in respect of the IGA.

All Jersey “**Financial Institutions**” will be required to comply with the registration, due diligence and reporting requirements of the AEOI Regulations, unless they can rely on an exemption that allows them to become a “Non-Reporting Financial Institution” (as defined in the relevant AEOI Regulations). The Company does not propose to rely

on any reporting exemption and will therefore comply with such requirements of the AEOI Regulations.

The AEOI Regulations require the Company to, amongst other things (i) register with the Internal Revenue Service (“**IRS**”) to obtain a Global Intermediary Identification Number (“**GIIN**”) (in the context of the IGA only), (ii) register with and notify the Comptroller of Taxes in Jersey of the Company’s status as a “**Reporting Financial Institution**”, (iii) conduct due diligence on its accounts to identify whether any such accounts are considered “**Reportable Accounts**”, and (iv) report information on such Reportable Accounts to the Comptroller of Taxes in Jersey. The Comptroller of Taxes in Jersey will transmit the information reported to it to the overseas fiscal authority relevant to a reportable account (i.e. the IRS in the case of a US Reportable Account, the HMRC in the case of a U.K. Reportable Account, etc.) annually on an automatic basis.

The Company’s ability to satisfy its obligations under the AEOI Regulations will depend on each Shareholder in the Company providing the Company with any information, including information concerning the direct or indirect owners of the Company, that the Company determines is necessary to satisfy such obligations. Each Shareholder will be required to provide such information upon request from the Company. If the Company fails to satisfy its obligations under the IGA, it may, in certain circumstances, be treated as a Non-participating Financial Institution by the US tax authorities and therefore subject to a 30% withholding on its US source income and any proceeds from the sale of property that could give rise to US source income. Shareholders are encouraged to consult with their own tax advisors regarding the possible implications of FATCA and the IGAs on their interest in the Company.

By investing in the Company and/or continuing to invest in the Company, Shareholders shall be deemed to acknowledge that further information may need to be provided to the Company, the Company’s compliance with the AEOI Regulations may result in the disclosure of investor information, and investor information may be exchanged with overseas fiscal authorities. Where a Shareholder fails to provide any requested information (regardless of the consequences), the Company reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption of the shares of the Shareholder concerned.

If you are in any doubt about the contents of this Prospectus, you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser.

The applicant is strongly recommended to read and consider this Prospectus before completing an application.

It should be remembered that the price of Shares and the income from them can go down as well as up and that investors may not receive, on the redemption of their Shares, the amount they invested.

An investment in any class of Shares should not be made without careful consideration of this Prospectus. The attention of investors is drawn to the section of this Prospectus entitled “Risk Factors” on page 10 and to the investment objectives identified in relation to each class of Shares in Appendices 1 to 6 to this Prospectus.

This Prospectus is dated 20 November 2018 and supersedes all previous versions.

STANLIB Limited is a limited liability company incorporated in South Africa on 25th February 1969 having an authorised share capital of R1,000,000 (one million ordinary Shares of one Rand each) and issued share capital of R600,100 (six hundred thousand one hundred Rand). As the driving force behind the Company, STANLIB is considered the Company's promoter under the policy on promoters of public and private collective investment funds issued by the Jersey Financial Services Commission. The principal business activity of STANLIB is the management of separate client focused equity, fixed income and balanced portfolios and mutual funds for its clients.

The Company has appointed STANLIB as distributor (in such capacity, the “**Distributor**”) of the Company pursuant to an agreement dated 12 June 2013 (the “**Distribution Agreement**”) as set out in more detail on page 26 (Material Contracts) of this Prospectus. The Distributor's responsibilities include marketing, advertising and otherwise promoting

the Company and the Shares. Pursuant to a side letter dated 12 June 2013 between the Distributor and the Company, the Distributor has agreed to waive its right to be remunerated in respect of the services being provided under the Distribution Agreement.

The Administrative Agent

The Manager with the approval of the Company has appointed BNY Mellon Fund Services (Ireland) Designated Activity Company (the “**Administrative Agent**”) as administrator, registrar and transfer agent of the Company with responsibility for performing the day to day administration of the Company, including the calculation of the Net Asset Value and the Net Asset Value per Share of each Class Fund. The Administrative Agent is a private limited company incorporated in Ireland on 31st May 1994 and is engaged in the provision of fund administration, accounting, registration, transfer agency and related shareholders services to collective investment schemes and investment funds. The Administrative Agent is authorised by the Irish Central Bank under the Investment Intermediaries Act, 1995.

The Administrative Agent shall not, in the absence of fraud, bad faith, negligence or wilful misconduct, be liable to the Company or to any holder of Shares in the Company (each a “**Shareholder**”) for any act or omission in the course of or in connection with the discharge by the Administrative Agent of its duties. The Company has agreed to indemnify the Administrative Agent or any entities appointed by it from and against any and all costs, expenses, damages, liabilities and claims and attorneys’ and accountants’ fees relating thereto (other than those resulting from the fraud, bad faith, negligence or wilful misconduct on the part of the Administrative Agent) which may be imposed on, incurred by or asserted against the Administrative Agent in performing its obligations or duties hereunder.

The Administrative Agent will have no decision-making discretion relating to the Company’s investments. The Administrative Agent is a service provider to the Manager and is not responsible for the preparation of this Prospectus or the activities of the Company and therefore accepts no responsibility for the accuracy of any information contained in this Prospectus.

Investment and Dividend Policy

Investment Policy

The Investment Policy and details of the investment and borrowing restrictions for each Class Fund are set out in Appendices 1 to 6 to this Prospectus.

Dividend Policy

Dividends may be declared on individual Share Classes from time to time in accordance with the provisions of the Companies (Jersey) Law, 1991 (as amended). The Fund Rules for each Share Class (the “**Fund Rules**”) may also specify whether or not dividends may be paid.

Risk Factors

Whilst the investment policy of each of the Class Funds renders it highly unlikely that the assets attributable to any one Class Fund will be insufficient to meet liabilities attributable to that Class Fund, if such event should occur, investors should appreciate that this would affect the other Class Funds since whilst each Share Class and each Class Fund is to be treated as bearing its own liabilities, the Company as a whole remains liable to third parties. As at the date of this Prospectus the Directors are not aware of any such existing or contingent liability.

Changes in currency rates of exchange may have an adverse effect on the value, price or any income of the Shares of the Company.

The investments of the Company in securities are subject to normal market fluctuations and other risks inherent in investing in securities.

The Company and the Manager will not have control over the activities of any collective investment scheme invested in by a Class Fund. Managers of collective investment schemes may take undesirable tax positions, employ excessive leverage, or otherwise manage the collective investment schemes in a manner not anticipated by the Manager.

Dealing Procedures for Investors

Dealing Days and Times

At present, Dealing Days (the “**Dealing Day**”) for each of the Share Classes will be every weekday on which banks in Jersey are open for normal banking business.

Shares in respect of the Share Classes may be allotted or redeemed on any Dealing Day. Deals will be accepted by the Company in Jersey and Ireland between the hours of 9am and 2.30pm Jersey time on any Business Day before a Dealing Day.

The Share Classes will normally be valued as at the Valuation Point unless the issue and redemption of Shares has been suspended. At present, the Valuation Point for all Share Classes will be 11.59p.m. Jersey time on each Business Day before a Dealing Day provided that, for the purpose of valuing any investment of a Class Fund where such value is determined by reference to market price, the Valuation Point shall be closure of the relevant market on the Business Day immediately preceding the Dealing Day.

Applications for Shares and redemption requests received after 2.30pm Jersey time on any Business Day will not be dealt on the Dealing Day falling on the following Business Day but will be dealt on the next succeeding Dealing Day.

The Manager reserves the right to alter the above cut-off times if considered appropriate, while respecting the principle of equal treatment of shareholders and the Jersey and Ireland rules and regulations on the prevention of late trading and market timing. For the avoidance of any doubt, the Manager will bear all liabilities in that connection, the Administrative Agent being not responsible for such action or decision.

The Manager may elect to satisfy any application for Shares by selling Shares of the relevant Share Class to the applicant at a price equal to the issue price of the Shares of that Share Class at the relevant time and may elect to satisfy any application to redeem Shares by purchasing those Shares at a price equal to the Redemption Price of Shares of the relevant Share Class on the relevant Dealing Day. Information as to the calculation of subscription and redemption price is set out on page 20.

The Initial Offer

The Company was launched at an initial offer price of Shares of each of the Class Funds (in existence at that time) of US\$1,000, with the initial offer period being open from 21st December 1998 to 31st

January 1999. The initial offer price of Shares of a particular Class Fund is set out in the relevant Fund Rules.

Applications

Applications for Shares should be made on the Application Form available from the Administrative Agent or the Manager.

A contract note will be issued by the Administrative Agent on behalf of the Manager as soon as practicable providing details of the transaction. Unless specifically requested in writing at the time of application share certificates will not be issued. Applications may be accepted or rejected in the sole discretion of the Manager.

The Administrative Agent or the Manager shall require any applicant to provide further information and/or declarations as part of the Administrative Agent or the Manager’s ‘know your client’ procedures and generally in compliance with Irish or Jersey law and measures aimed towards the prevention of money laundering. Details of such further information and declarations are more fully explained in the Application Form.

The Administrative Agent or the Manager reserves the right to request such information as is necessary to verify the identity of an applicant. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Administrative Agent or the Manager (as applicable) may refuse to accept the application. Full details of the information required in connection with such matters are set out in the Application Form.

Applications in writing should be addressed to the Company as follows:

Payments by bank transfer should be made for the relevant Class Fund as specified in the Application Form.

To ensure good value is received on incoming funds, the remitting bank should be requested to send a direct payment advice to BNY Mellon by way of a SWIFT MT103 message to SWIFT address IRVTBEBB quoting full beneficiary details.

For payments sent by bank transfer an advice should be sent by fax to the Administrative Agent at fax number: +353 1 900 5055.

Where settlement is made by cheque or bankers draft, acceptance of the application will be deferred until cleared funds are received.

The minimum holding for Participating Shares is US\$5,000 (for Shares priced in US Dollars) or the Euro equivalent of US\$5,000 for the STANLIB European Equity Fund (the “**Minimum Holding**”).

Share Registration

Shares will be in registered form and no share certificate will be issued unless requested. Registration of the Shares comprised in the application will normally be effected after receipt of completed documentation, provided that the subscription monies have been cleared. Ownership is recorded by an entry in the share register. Where no certificate is to be issued the account number allocated to the investor must be quoted in all communications with the Company, the Manager and the Administrative Agent. The Manager and the Administrative Agent will be deemed to be authorised to act on any redemption, conversion or other instruction received (by fax or in writing) from any person purporting to be the Shareholder and quoting such Shareholder’s account number. The Share Register may be inspected at the registered office of the Manager during normal hours of business. It is intended that each registered Shareholder will receive a statement of ownership of the total number of Shares of each Share Class held, on a six monthly basis by post, fax or by email.

Redemptions

Shareholders may redeem the whole or part of their holding of Shares in the Company on a Dealing Day and in any amount provided that the residual balance of Shares of the relevant class held does not fall below the Minimum Holding as a result. Where the residual balance of Shares held falls below the Minimum Holding, all of the applicant’s Shares of that Share Class will be redeemed. Instructions for the redemption of the Shares may be given in writing or fax quoting the relevant shareholder account number, and the number and Share Class to be redeemed. Faxed instructions are binding where the Company has been provided with Standing Redemption Payment Instructions (as defined

and to be contained in the Application Form available from the Administrative Agent or the Manager) by a Shareholder giving details of a bank account in the name of the Shareholder to which payment of the redemption proceeds is to be made. Payment of redemption proceeds will be made in accordance with instructions already held (or subsequently advised by the Shareholder in writing (and provided that any other bank account advised by the Shareholder is held in the name of the Shareholder)) after return of the relevant Share Certificates (if any).

Settlement of redemption proceeds may take up to 14 Business Days following the relevant Dealing Day or, if later, receipt of instructions in writing (if required) and relevant Share Certificates (if any). Generally, in the case of each Share Class settlement of redemption proceeds will be made in the currency of the relevant Share Class within seven Business Days following the relevant Dealing Day unless receipt of instructions in writing (if required) and relevant Share Certificates (if any) delay settlement.

The Directors may, in their absolute discretion, but with the consent of the redeeming Shareholder, arrange that the settlement of redemption proceeds be made either in whole or in part by a transfer to the redeeming Shareholder of assets attributable to the relevant Share Class equal in value to the amount to which the redeeming Shareholder would have been entitled if the payment had been made in cash PROVIDED THAT any such “in-specie” redemption will not materially prejudice the interests of the remaining shareholders in the Company.

In normal circumstances, there is no charge or fee for redemptions, however in all cases, bank charges will be applied.

The Directors will in certain circumstances use Swing Pricing for redemptions and subscriptions received from investors as disclosed on page 20.

Conversions

Details of Share Classes which are available for conversion into one or more of the other Share Classes of the Company may be obtained from the Administrative Agent or the Manager.

There are no initial fees charged on conversions.

The right to convert is subject to the Fund Rules of the relevant Share Class, to there being no temporary suspension of dealings and to the Directors’ discretion (to be exercised fairly and equitably) to reject a conversion application where they consider it to be in the interests of the Company or its Shareholders to do so.

A shareholder who converts Shares of one class into Shares of another will not have a right by law to reverse the transaction. The shareholder will have to request the conversion of the Shares of the new class concerned back to Shares of the original class and this will be a new transaction.

Conversion instructions may not be withdrawn except in the case of the suspension of the determination of the Net Asset Value of the relevant class of Shares.

A conversion of Shares of one class into Shares of another may in some jurisdictions be a realisation for the purposes of capital gains taxation.

Transfers

Shares may be transferred in the usual way provided that the identity of the transferee(s) has been verified to the satisfaction of the Administrative Agent in accordance with the Administrative Agent's client identification procedures. All stock transfer forms together with renounced share certificates, if applicable, or other acceptable evidence of title should state the full name and address of the transferor and transferee, and should be signed by them.

Publication of Prices

Prices are available from the Administrative Agent or the Manager and published on the Euronext Dublin website: www.euronext.com/en/listings/euronext-dublin. Prices are also available on the Investment Manager's website: www.stanlib.com and are published through Morningstar and Bloomberg.

Fees and Charges

The Company

The Company is responsible for the normal costs and expenses of its business such as those associated with investment transactions, statutory and regulatory maintenance costs and audit fees which will be allocated where possible to the Class Fund in respect of which they are incurred or otherwise pro-rata to the Net Asset Values of the Class Funds or as the Directors otherwise shall determine to be appropriate. The costs of establishing the Company were financed by the previous Manager and have been fully amortised.

The Manager

The Manager is entitled to receive out of each of the Class Funds, attributable to each Share Class, an amount not exceeding 2.5% per annum of the average Net Asset Value of each Share Class of the respective Class Funds to be calculated and accrued on each Dealing Day and payable on the first Business Day of each month in respect of the preceding month. An initial charge of up to 5% of the subscription price of Shares of any Class Fund may also be paid to the Manager. The Manager will meet the charges of the Investment Manager and the Administrative Agent.

The Manager is entitled to be reimbursed out of the Class Funds for out-of-pocket expenses. For each Class Fund, details of the management fees payable to the Manager will be supplied in the Fund Rules of the relevant Share Class. These expenses will be reviewed by the board on an annual basis.

Such fees shall accrue daily and shall be payable to the Manager by monthly payments in arrears becoming due on the first Business Day of each month in respect of the preceding month.

The Company, Custodian and Manager may agree variations to the Manager's Fees within the specified maximum of 2.5% subject to not less than 3 months' notice being given to holders of Shares in each Share Class of the Class Funds.

The Custodian

The Custodian has agreed with the Company that it will be paid a fee at the following rates, subject to an overall minimum fee in respect of each Class Fund of US\$5,000 per annum (such minimum fee to be waived in respect of cash funds) (the "**Minimum Fee**"):

- 1) Where the total value of the Company's assets in respect of a

Class Fund is less than US\$50 million, 0.035% per annum of the Net Asset Value of that Class Fund.

- 2) Where the total value of the Company's assets in respect of a Class Fund is US\$50 million or more but less than US\$100 million:
 - (a) 0.035% per annum on and any all amounts up to US\$50 million of the Net Asset Value of that Class Fund; and
 - (b) 0.025% per annum on any and all amounts above US\$50 million of the Net Asset Value of that Class Fund but only up to US\$100 million.
- 3) Where the total value of the Company's assets in respect of a Class Fund is US\$100 million or more but less than US\$500 million:
 - (a) 0.035% per annum on any and all amounts up to US\$50 million of the Net Asset Value of that Class Fund;
 - (b) 0.025% per annum on any and all amounts above US\$50 million of the Net Asset Value of that Class Fund but only up to US\$100 million; and
 - (c) 0.010% per annum on any and all amounts above US\$100 million of the Net Asset Value of that Class Fund but only up to US\$500 million.
- 4) Where the total value of the Company's assets in respect of a Class Fund is US\$500 million or more:
 - (a) 0.035% per annum on any and all amounts up to US\$50 million of the Net Asset Value of that Class Fund;
 - (b) 0.025% per annum on any and all amounts above US\$50 million of the Net Asset Value of that Class Fund but only up to US\$100 million;
 - (c) 0.010% per annum on any and all amounts above US\$100 million of the Net Asset Value of that Class Fund but only up to US\$500 million; and
 - (d) 0.005% per annum on any and all amounts above US\$500 million of the Net Asset Value of each Class Fund.

Such fees shall accrue daily and shall be payable to the Custodian by monthly payments in arrears becoming due on the first Business Day of each month in respect of the preceding month.

The Minimum Fee shall increase in accordance with the Jersey Retail Price Index applicable on each anniversary of the Custodian Agreement.

The Custodian shall be entitled to charge the Company on a time-spent basis for any work undertaken by the Custodian (including extraordinary visits to service providers) deemed by the Custodian (acting reasonably) to be necessary as a result of any breaches by the Company or the Manager of the constitutional documents, offering documents or other regulations of the Company.

The Custodian is also entitled to be reimbursed out of the Class Funds for charges and transaction fees levied on it by the Sub-Custodian and other sub-custodians which shall be at rates which have been negotiated on an arm's length basis or are otherwise on commercial terms. The Sub-Custodian applies global transaction and safekeeping fees based on individual country fees together with non-resident alien and reporting fees in respect of, respectively, income paid by USA incorporated companies and certain US beneficial owner accounts held with the Sub-Custodian.

The Custodian is entitled to be reimbursed out of the Class Funds for out-of-pocket expenses, and any sub-custodian fees (which will be at normal commercial rates).

Investment and Borrowing Restrictions

Investment Restrictions

In the Fund Rules for each Share Class, the Directors of the Company have adopted investment rules which determine the investment restrictions to be applied in respect of each Share Class (the same rules and restrictions applying to all Share Classes relating to each Class Fund). The investment restrictions adopted are detailed in Appendices 1 to 6 to this Prospectus and more fully described in the Fund Rules. In general, restrictions apply as at the date of the relevant transaction or commitment to invest and changes to the Share Classes do not have to be effected merely because owing to appreciations or depreciations in value any of the limits would thereby be breached, but regard must be had to these limits when considering changes or additions to the Share Classes.

Borrowing Restrictions

The Directors may exercise all the powers of the Company to borrow solely for the purposes of meeting redemption requests. The Articles of Association of the Company (the “**Articles**”) require the Directors to restrict the borrowings of any Class Fund so as to ensure that amounts outstanding from time to time do not exceed an amount equal to 5 per cent of the Net Asset Value of that Class Fund or such lesser amount as may be specified for this purpose in the relevant Fund Rules for that Class. In the Fund Rules for each Share Class, the Directors of the Company have adopted borrowing restrictions which determine the borrowing restrictions to be applied in respect of each Share Class (the same restrictions applying to all Share Classes relating to each Class Fund). The borrowing restrictions adopted are detailed in Appendices 1 to 6 to this Prospectus.

New Share Classes and New Class Funds

The Articles permit the Directors to introduce new Share Classes for existing Class Funds and/or to establish new Class Funds from time to time. The Directors intend to use these powers to extend the range of Share Classes and/or Class Funds offered by the Company.

Expenses

The Company is responsible for its own operating expenses, including audit and legal fees and charges incurred on the acquisition and realisation of investments. Such operating expenses will be borne by the Class Funds as the Directors shall determine, and usually pro rata if not clearly attributable to a specific Class Fund.

The expenses of introducing new Share Classes shall be charged to the relevant new Share Class.

The Manager may, at its discretion and without recourse to the Company, pay commissions directly to investors or to investors' agents in respect of subscriptions for Shares, subject to the general overriding requirement to treat Shareholders equally.

Taxation

General

The taxation of income and capital gains of the Company and the Shareholders is subject to the fiscal law and practice of the investee jurisdictions, of Jersey and of the jurisdictions in which Shareholders are resident or otherwise subject to tax. The following summary of the anticipated tax treatment in Jersey applies only to persons holding Shares as an investment and does not constitute legal or tax advice. The summary is based on the taxation law and practice in force in Jersey at the date of this Prospectus and prospective investors should be aware that the relevant fiscal rules and practice or their interpretation may change.

The comments below are of a general nature, are not a full description of all relevant tax considerations and may not be applicable to certain categories of investor. Prospective investors should consult their own professional advisers on the possible consequences of making an investment in, holding, converting, redeeming or disposing of Shares under the relevant laws of the jurisdictions to which they are subject, including the tax consequences and any exchange control requirements.

The Company

Jersey's corporate tax regime is known as 'zero/ten'. The general rate of corporate income tax is 0% under the regime. A 10% rate applies to certain regulated financial services companies. The 0% rate will apply to the Company on the basis that it does not engage in what are considered relevant regulated activities.

The Directors further intend to conduct the affairs of the Company in such a manner as to minimise, so far as they consider reasonable, taxation suffered by it. However, as the Company will make a range of investments in various jurisdictions, some of the income and the gains on the investments in certain Class Funds may be subject to withholding and other taxes. The Company will not generally benefit from any treaties for the relief of double taxation.

Shareholders

Shareholders are not subject to any death duties, capital gains, gift, inheritance, capital transfer or income taxes in Jersey. No stamp duty is levied in Jersey on the transfer, redemption or conversion of Shares. However, Jersey probate or letters of administration must usually be obtained on the death of an individual sole Shareholder (unless assets in Jersey have an aggregate value of less than £10,000) and stamp duty of up to 0.75% is payable on their respective

registrations. The attention of Jersey residents is drawn to the provisions of Article 134A of the Income Tax (Jersey) Law, 1961 which may in certain circumstances render a resident liable to income tax on the undistributed income or profits on their Shares.

In some jurisdictions a conversion of Participating Shares of one class into Participating Shares of another class may be a realisation for the purposes of capital gains taxation. Dividends paid on Shares held by persons who are not resident in Jersey, will not suffer Jersey withholding tax.

Valuations

Subscription and Redemption Price

The subscription and redemption price(s) of each Share Class will be calculated based on the Net Asset Value of the associated Class Fund at the Valuation Point for that Class Fund with such adjustments as are necessary to take account of the different fees, characteristics and entitlements of the relevant Share Class. The Net Asset Value of each Class Fund is determined by reference to valuation principles for the underlying assets as set out in the Articles and in accordance with generally accepted accounting principles in the United Kingdom.

Deposits are valued at their principal amount plus accrued interest. Investments listed on a stock exchange are valued at their quoted price. Where bid and offer prices are quoted, investments are valued at a middle market price. Investments in collective investment funds are valued at the last mid-price or the net asset value available from the managers thereof at the Valuation Point. Financial futures contracts and traded options are valued by reference to the latest available prices at the Valuation Point on any market created by any method of dealing in such contracts or options (as the case may be) which in the opinion of the Manager provides a satisfactory market for such contracts or options. Where no price quotation is available for any asset the fair value thereof is to be determined by the Directors with the approval of the Auditors.

Notwithstanding the above, where the Company has entered into any forward contract of sale or purchase or when any investment has been contracted to be realised, there shall be included in the relevant Class Fund any amount or amounts payable or receivable under such contract, and, only in the case of a contract of purchase, an amount equal to the forward price which would be payable to the Company for the sale of the relevant investment.

If the Directors consider that some other method of valuation better reflects the fair value of a particular investment then in such case the Directors are entitled to substitute what is in their opinion a fair value, with the approval of the Auditors.

Where for the purpose of calculating the Net Asset Value of any Class Fund or any Share Class, any amount in one currency is required to be translated into another currency, the foreign exchange rates applicable shall be the latest available spot exchange rates at the relevant Valuation Point on the London inter-bank market.

The liabilities attributed to the relevant Class Fund for the purpose of computing net assets shall be deemed to include all its liabilities, including accrued liabilities of whatsoever kind and nature except liabilities represented by Shares of the Company and liabilities which

relate exclusively to a specific class of Participating Shares (which liabilities shall be allocated to and taken into account when calculating the Net Asset Value of the Share Class). In determining such liabilities the Directors may calculate any liabilities of a regular or recurring nature on an estimated figure for yearly or other periods in advance and accrue the same in equal proportions over any such period.

In order to calculate redemption and subscription prices, the Directors may deduct from or add to (as the case may be) the Net Asset Value of the relevant Class Fund appropriate allowances for duties and charges in relation to the realisation or purchase of investments respectively and make such adjustment as is necessary to account for any liabilities or assets which are specific to the relevant Share Class. Accordingly, the subscription price for a particular Share Class on any Dealing Day may be higher than the redemption price for Shares of the same Share Class on that Dealing Day and the subscription and redemption prices of different Share Classes may differ notwithstanding that they relate to the same Class Fund.

Notwithstanding any of the above relating to the time at which any valuation is to be made, the Directors may at any time in relation to any Dealing Day carry out a valuation to determine the Net Asset Value and calculate the subscription and redemption prices of Shares of any Share Class if at that time in the view of the Directors circumstances merit such a calculation and in such event the latest calculated prices and Net Asset Value shall apply for all purposes on the relevant Dealing Day.

The Articles provide that (subject to any relevant regulatory consent) Participating Shares may be offered for fixed periods not to exceed six days at fixed prices so long as such prices shall not be higher or lower than the subscription price for Shares of that class at the relevant time by more than 2%. However, for so long as the Shares of the Company are listed on the Official List and trading on the Main Securities Market of Euronext Dublin, Shares may only be offered at the subscription price.

The Net Asset Value per Share will be notified by the Administrative Agent to Euronext Dublin immediately upon calculation.

In calculating the Net Asset Value and Net Asset Value per Share, the Administrative Agent may rely upon such automatic pricing services as it shall determine or, if so instructed by the Company, the Manager or the Investment Manager, it may use information provided by particular pricing services, brokers, market makers or other intermediaries. In such circumstances, the Administrative Agent shall not, in the absence of fraud, negligence or wilful default on the part of the Administrative Agent, be liable for any loss suffered by the

Company or any Shareholder by reason of any error in the calculation of the Net Asset Value and Net Asset Value per Share resulting from any inaccuracy in the information provided by any such pricing service, broker, market maker or other intermediary.

Swing Pricing

The Company is a single-priced fund.

A characteristic of frequent investor dealing (“capital activity”) is that transaction costs are incurred which dilute the value of existing shareholders’ interests in a single-priced fund. This fall in value happens because the single price (“mid-price”) at which investors buy and sell the fund’s shares only reflects the value of its net assets. It does not take into account the dealing costs that arise when the investment manager trades as a result of capital activity incurring a spread on the underlying securities and related trade charges. In other words, for a single-priced fund, the costs incurred with capital activity do not fall only on the investor who has just traded, but on all existing shareholders in the fund.

To treat all existing and new investors equally, and so isolating existing shareholders from the impact of net capital activity, a fund’s Net Asset Value price can ‘swing’ to reflect the costs to the fund of the underlying net capital activity. For example, a net subscription will lead to the Net Asset Value price per Share swinging upwards to an ‘offer’ price, and a net redemption will lead to the Net Asset Value per Share price swinging downwards to a ‘bid’ price. The process is triggered and the Net Asset Value swung when net capital activity is of a material level.

The swing factor calculation is derived from (i) the bid-offer spread of the underlying portfolio of investment; and (ii) associated trade charges. The Manager may apply a swing factor of up to 2% of the Net Asset Value per Share.

Investors should note that in the event that they subscribe on a day in which total subscriptions exceed redemptions, the price will swing above the mid-price. Investors should also note that in the event that they redeem on a day in which total redemptions exceed subscriptions, the price will swing below the mid-price.

As a consequence of the application and publishing of swing pricing on a particular day, the Net Asset Value may not reflect the true portfolio performance when compared to the Company’s benchmark that day.

Suspension of Valuations

The Directors may declare a suspension of the issue, redemption, conversion and valuation of Shares during any period when there is a closure of, or the suspension of trading on, any market on which a substantial portion of assets are traded or for any other reason circumstances exist as a result of which in the Directors’ opinion it is not reasonably practicable to dispose of a substantial portion of investments or to determine the subscription or redemption prices or a breakdown occurs in any of the means normally employed by the Directors in ascertaining the subscription and/or redemption prices of a substantial portion of assets, or the remittance of funds involved in the realisation of or in the payment for investments cannot be carried out without undue delay or at normal rates of exchange.

Notice of the imposition or lifting of the suspension of valuations will be notified without delay to applicants for the issue or redemption

of Shares and published on the following website, www.stanlib.com, and in the daily newspapers (if any) in which the subscription and redemption prices of Shares may have been published during the preceding six months. Shareholders wishing to redeem Shares of that Share Class may withdraw their requests for redemption by notifying the Company or the Manager in writing on or before 2.30pm Jersey time on the Business Day immediately before the relevant Dealing Day preceding the termination of the suspension. Unless withdrawn, requests for redemption will be considered on the first Dealing Day following the lifting of a suspension. All reasonable steps will be taken by the Directors to bring any period of suspension to an end as soon as possible. Notice of any suspension of redemptions and the calculation of the Net Asset Value will be notified immediately to Euronext Dublin.

Further Details Concerning Conversions and Redemptions

Conversion

Shares of any Share Class may only be converted into Shares of another Share Class if the Fund Rules of the relevant Class Funds so provide. The Directors have discretion subject to the fair and equitable exercise thereof to reject any application to convert Shares where they consider it to be in the interest of the Company or of the holders of any Share Class to do so.

The number of Shares of the new Share Class resulting from conversion shall be determined by the Directors in accordance (or as nearly as may be in accordance) with the following formula:

$$A = \frac{B \times (C \times D)}{E}$$

Where:

- A = the number of Shares of the new Share Class to be issued;
- B = the aggregate number of Shares of the original Share Class to be converted comprised in the conversion notice;
- C = the redemption price per Share of the original Share Class ruling on the relevant Dealing Day;
- D = the currency conversion factor determined by the Directors on the relevant Dealing Day (or in the event that the redemption price is recalculated, then at the time of such recalculation) as representing the effective rate of exchange between two relevant currencies. Where both Funds are denominated in the same currency, the currency conversion factor shall be one;
- E = the Issue Price per Share for the new Share Class ruling on the relevant Dealing Day.

There is no conversion charge levied.

Compulsory Redemption of Shares

- a) If at the relevant time or times over a period of four consecutive weeks, the aggregate Net Asset Value of all the Class Funds maintained by the Company shall be less than the equivalent of US\$10,000,000, the Company may by not less than four weeks' notice to all holders of Shares, redeem on the Dealing Days designated in such notice at the respective redemption prices all (but not some only) of the Shares not previously redeemed.

- (b) If, at the relevant time or times over a period of four consecutive weeks, the Net Asset Value of any Class Fund maintained by the Company shall be less than the equivalent of US\$5,000,000, the Company may, by not less than four weeks' notice to all holders of Shares of the relevant Class, redeem on the Dealing Day nominated in such notice at the relevant Redemption Price calculated on that day all (but not some only) of the Shares of that Share Class not previously redeemed.
- (c) The Directors are entitled by notice to require the redemption or transfer of Shares acquired or held by a person in breach of any law or requirement of any country or governmental authority or in circumstances where the holding of such Shares may result in the regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or its Shareholders as a whole.

Deferral of Redemption

The Directors may restrict redemption of Shares to no more than 20% of the issued Shares of any Share Class on any Dealing Day, with excess requests being scaled back on a pro-rata basis, with the balance being carried forward to the next Dealing Day and so on until all the Shares concerned have been redeemed.

Corporate Structure

Capital Structure

The Company was incorporated with limited liability in Jersey on 18th March 1996 under the provisions of the Companies (Jersey) Law, 1991 (as amended) with an authorised share capital of US\$5,000,100 divided into 100 Founders Shares of \$1 each and 500,000,000 unclassified Shares of one cent each. Pursuant to a special resolution of the Shareholders of the Company passed on 21st December 1998 the 500,000,000 unclassified Shares of one cent each have been consolidated into 5,000,000 unclassified Shares of \$1 each. The unclassified Shares may be issued as Participating Redeemable Preference Shares (“Shares”) of any Class, or as Nominal Shares. The constitution of the Company is defined in the Articles which may be altered by special resolution. The authorised share capital of the Company may be altered by special resolution in accordance with the Companies (Jersey) Law 1991 as amended.

The Directors have resolved pursuant to powers vested in them by the Articles to issue Participating Shares on the terms set out herein.

Founders Shares

Founders Shares may only be issued at par value to the Manager or to its nominees provided that the Directors may at any time direct that any Founders Shares not held by or on behalf of the Manager shall be compulsorily purchased from the holder thereof by the Manager at the par value thereof. On a winding up or repayment of capital, the Founders Shares rank for repayment of the nominal amount paid up thereon after repayment of the nominal amount paid up on the Shares and the Nominal Shares (if any). Holders of Founders Shares are entitled to receive notices of General Meetings and to attend and vote thereat. On a poll a holder is entitled to one vote for each Founders Share held. Founders Shares do not carry the right to any dividend.

Participating Redeemable Preference Shares (“Participating Shares” or “Shares”)

The Shares rank first in a winding up for repayment of the nominal amount paid up thereon and, in addition, have the right to a pro-rata share of all dividends paid and to surplus assets available for distribution to Shareholders after repayment of the nominal amount paid up on the Nominal Shares (if any) and the Founders Shares. Holders of Shares receive notice of General Meetings and are entitled to attend and vote thereat. On a poll a holder is entitled to one vote for each whole Share held. A Member may appoint any person to

act as his proxy at any Meeting of the Company. A Member may be registered as the holder of and may transfer a fraction of a Share.

Nominal Shares

The Articles allow for the issue to the Manager of unclassified shares as Nominal Shares for the purpose of providing funds for redemptions. Nominal Shares carry no right to dividend and are subordinated to the Participating Shares on a winding up or repayment of capital. A holder of Nominal Shares has only one vote on a poll or on a show of hands no matter how many Nominal Shares are held by him.

Winding up

The Company will exist until wound up pursuant to a special resolution of its Members and then be dissolved according to the Companies (Jersey) Law 1991.

In a liquidation, the liquidator is authorised to transfer assets to and from the Class Funds in such a way as may be necessary in order that the effective burden of creditors’ claims is shared among the holders of Shares of different classes in such proportions as the liquidator thinks equitable.

The assets available for distribution among the Shareholders will be applied in the following priority:

- (i) firstly, in the payment to the shareholders of each class of the nominal amount paid upon their Shares;
- (ii) secondly, in the payment to the holders of the Nominal Shares of the nominal amount paid upon their Shares but without recourse to assets of any Class Fund;
- (iii) thirdly, in the payment to the holders of the Founders Shares of the nominal amount paid upon their Shares, but without recourse to the assets of any Class Fund;
- (iv) fourthly, in the payment to the Shareholders of each Share Class of any balance then remaining in the relevant Fund, such payment being made in proportion to the number of Shares of that class held; and
- (v) fifthly, in the payment to the holders of the Shares of any balance then remaining and not comprised within any of the Class Funds, such payment being made in proportion to the number of Shares held.

Fund Rules

The Directors are required, pursuant to the Articles to adopt and maintain in respect of each Share Class in issue Fund Rules which make such provisions as the Directors consider appropriate but which shall include: -

- (i) the investment rules relating to the relevant Share Class;
- (ii) the Valuation Point for the relevant Share Class;
- (iii) details of the terms and conditions, and the Dealing Day or Days on which the relevant Shares may be allotted, redeemed or converted, and the periods of notice and procedures to be adopted by persons wishing to convert;
- (iv) restrictions (if any) on the conversion of Participating Shares of the relevant Share Class
- (v) details of any charges which may be levied on an allotment redemption or conversion.

The provisions of the Fund Rules may be varied only with the consent of the Custodian and the sanction of an Ordinary Resolution of holders of the relevant Share Class, save that such sanction will not be required if such variation or amendment is necessary to make possible compliance with fiscal or other statutory or official requirements, actual or proposed, or if:-

- (i) such variation or amendment is not a variation of the provisions regulating any of the determination of the Net Asset Value of the Class of Shares, the prices at which Shares may be issued, redeemed or converted, or the remuneration or charges of the Manager; and
- (ii) the Custodian and the Manager each certify that the variation does not materially prejudice the interests of Shareholders, nor release the Company from any responsibility to such holders.

Variation of Class Rights

- (a) All or any of the special rights attached to any class of Shares (unless otherwise provided by the terms of issue of the Shares of that class) may, whether or not the Company is being wound up, be altered or abrogated with the consent in writing of the holders of not less than 75% of the issued Shares of that class or with the sanction of an extraordinary resolution passed at a separate meeting of the holders of the Shares of that class by a majority of at least 75% of the votes cast at such a meeting. To every such separate meeting, the provisions of the Articles relating to general meetings shall apply mutatis mutandis, except that the necessary quorum shall be the holders of at least one-third of the Shares of that class.
- (b) The Company in general meeting or its Directors may at any time and from time to time confer on the holders of Shares of any class such further rights and privileges in addition to those herein contained as it or they may think fit without conferring such rights or privileges on the holders of all classes of Shares provided that the rights of such other holders as to voting on a poll dividend, redemption, return of capital on a winding up or the application of the assets of the Company relating to that class are not thereby reduced or abrogated.

- (c) Subject to paragraph (b) above, the special rights conferred upon the holders of any Shares of any class issued with preferred rights shall (unless otherwise expressly provided by the terms of issue of the Shares of that class) be deemed not to be varied by the creation allotment or issue of further Shares ranking *pari passu* therewith, or of Founders Shares, or the creation of unclassified Shares, or the allotment, issue, redemption, or conversion of Shares or Nominal Shares, or by the payment of a dividend on Shares of any class out of the assets attributable to that class, or by the exercise by the Directors of their discretions in relation to the adoption of Fund Rules and the attribution of assets or liabilities between Funds, or by the exercise by a liquidator of his powers in a winding up.

Attribution between Class Funds

There are separate Class Funds and separate Share Classes corresponding thereto and the following provisions apply thereto:-

- (a) the proceeds from the allotment and issue of each Share Class are required to be applied in the books of the Company to the Share Class and the corresponding Class Fund and the assets, liabilities, income and expenditure attributable thereto shall be applied to such Share Class and the corresponding Class Fund subject to the provisions set out below;
- (b) where any asset is derived from another asset (whether cash or otherwise) such derivative asset is required to be applied in the books of the Company to the same Class Fund as the asset from which it was derived and, on each revaluation, the increase or diminution in value shall be applied to the relevant Class Fund;

Notwithstanding the foregoing, the Company may for the account of the STANLIB Global Bond Fund purchase for the account of such funds without limit bonds notes or other negotiable instruments issued or guaranteed by sovereign borrowers or by federal or supra national agencies thereof; or

(b) the total nominal amount of a Class Fund’s holding of any investment exceeding ten per cent (10%) of the total nominal amount of all issued securities of the same class in the corporation in which such investment is held or made as determined immediately before such investments are acquired.

The fund rules for each Share Class currently provide that the restrictions referred to at paragraph 2(a) above shall not apply for the period of three months immediately following the initial issue of Participating Shares relevant to a new Class Fund or during the two Business Days following a day on which the Net Asset Value of a Class Fund is increased by subscriptions for Participating Shares of the relevant class or classes which amount to more than 10% of the Net Asset Value and, in the case of the STANLIB Global Bond Fund and the STANLIB Global Property Fund, do not exceed more than 20% of the Net Asset Value (“New Funds”) when paragraph 2(a) above shall be applied as if the reference therein to the Net Asset Value of such Class Fund excludes the New Funds. [However, for so long as the Share Classes are listed on the Official List and trading on the Main Securities Market of Euronext Dublin, these derogations will not apply.]

3) Where a Class Fund includes investments in any fund managed or advised by the Manager or its delegate or any of their associates the value of any of a Class Fund’s assets so invested will be excluded from the value of such Class Fund’s assets upon which the Manager’s fee is based;

4) The Company shall not, for the account of a Class Fund;

(a) invest or lend more than 20% of the value of the Net Asset Value of the Company in the securities of any one issuer (including the issuer’s subsidiaries or affiliates) (applicable to those Class Funds listed or to be listed on Euronext Dublin);

(c) acquire any real property;

(d) indulge in short selling of securities, uncovered call options, (i.e. selling securities at a time when it has no exercisable or unconditional right at the time of sale to the securities to be vested in the purchaser) or purchase securities on margin (i.e. purchasing securities in circumstances where the Company cannot pay for any part of the purchase price without selling such securities before the end of the relevant account period);

- (e) acquire any investment which would require the assumption by the Company of an unlimited liability, which for the avoidance of doubt shall include participation as a general partner in a limited partnership;
- (f) invest in any country where at the time of the investment withdrawal of the proceeds of sale or other realisation is restricted or when there is any material risk to the repatriation to the Company of monies so invested;
- (g) invest in securities which are not readily realisable (provided however that up to ten per cent (10%) of Net Asset Value of a Class Fund may be invested in securities which are not readily realisable);

- (j) acquire gold or silver bullion, platinum or other precious metals or coins;
- (k) take or seek to take legal or management control of the issuer of any of its underlying investments;
- (l) invest in any asset where, in the reasonable opinion of the Custodian, the custody facilities available (whether through the Custodian or any delegate thereof) in the relevant jurisdiction in respect of that asset are not adequate to protect the interests of the holders of Participating Shares attributable to the Class Fund including, without limitation, where the Custodian is not satisfied that title to that asset is adequately protected or if for any other reason the Custodian is of the opinion that it will be unable to provide custody facilities in respect of that asset to the standard required pursuant to the Custodian Agreement, provided that any investment made in a jurisdiction which has been previously identified by the Custodian to the Manager or its delegate as a jurisdiction in relation to which it has no reason to believe that the provisions of this restriction may apply, shall not be held to constitute a breach of this restriction;
- (m) invest in any security of any class in any company or body in which a director of the Manager owns more than half of one per cent ($\frac{1}{2}\%$) of the total nominal amount of all the issued securities of that class, or collectively the directors and officers of the Manager own more than five per cent (5%) of those securities;
- (n) invest more than twenty per cent. (20%) in aggregate of the Net Asset Value of a Class Fund in the units, shares or participations of any Funds;
- (o) without the consent of the Custodian acquire or hold any securities which are for the time being partly paid unless according to the terms of the issue thereof the security will or may at the option of the holder become within one year of the date of its acquisition by the Company fully paid up and free from all such liabilities as aforesaid;

- (p) invest in a fund of funds or a feeder fund, in terms of paragraph 6(h) of Notice 2076 of 2003 as amended by Notice 1502 of 2005 pursuant to the South African Collective Investment Schemes Control Act, 2002, as amended from time to time;

In any such case as is mentioned in (o) above, notwithstanding that the Custodian may not be required to give its consent as aforesaid, the Custodian shall, where relevant, be entitled but not bound to appropriate and set aside cash or such other property of a Class Fund as is approved by the Directors or the Manager (such approval not to be unreasonably withheld) as is acceptable to the Custodian sufficient to provide for paying up such securities in full. The cash or other property so appropriated shall not be available for application without the consent of the Custodian in any way otherwise than as may be required for paying up the security in respect of which the appropriation was made so long as and to the extent that such security remains an asset of such Class Fund.

- 5) Notwithstanding the foregoing the Company may from time to time for the account of a Class Fund:
 - (a) without restriction enter into contracts for the sale or purchase of a fixed amount of one currency in exchange for another currency which is held or contracted to be held whether such contract is to be completed immediately or at a pre-determined future date PROVIDED ALWAYS that there shall be no overall net short position in any one currency;
 - (b) for the purposes of efficient portfolio management in reducing, transferring, or eliminating investment risk and on a temporary basis to effect efficient strategic asset allocation policy adjustments between markets, enter into contracts (hereinafter called "forward purchases") for the purchase of Investments on a pre-determined date after the date of the contract and at a specified price PROVIDED THAT the aggregate amount which the Company shall or may be required to pay in respect of such forward purchases for a Class Fund shall not at any time exceed fifteen per cent. exceed fifteen per cent. (15%) of the Net Asset Value of the Class Fund as determined immediately before such call option is to be dealt in.

- (d) invest in or acquire financial futures contracts including Stock Market indices futures contracts, or options to purchase money market or other financial instruments provided always that the aggregate of the nominal value of all such futures contracts held by the Company for the account of a Class Fund and the cost of the Company's total holding in such options for such Class Fund (which cost shall include any further amount which the Company may elect to pay at some future date on the exercise of such option) shall not immediately after the acquisition of such a futures contract or an option exceed fifteen per cent. (15%) of the Net Asset Value of such Class Fund.

PROVIDED HOWEVER THAT for the purpose of facilitating the orderly investment of assets, the per centage limitations specified in sub-paragraphs b), c) and d) above shall not apply until three months shall have elapsed from the time of the first issue of Participating Shares of the Share Class and PROVIDED FURTHER THAT thereafter the aggregate net exposure of the Class Fund under sub paragraphs c) and d) shall not at any time exceed fifteen per cent. - 6) Save as otherwise expressly provided in the last proviso to paragraph 5) above the foregoing limitations shall apply as at the date of the relevant transaction or commitment to invest and changes do not have to be effected merely because owing to appreciations or depreciations in value, or redemptions or conversions of Participating Shares, or any scheme or arrangement for amalgamation, reconstruction, conversion or exchange in respect of any investment any of such limitations would thereby be breached but the Manager shall take immediate corrective action to rectify the position or may seek the approval of the Directors to the temporary continuation of the position on such basis and for such period as may be agreed.

The Manager may impose on the Investment Manager (or on any investment manager appointed in relation to a Class Fund) investment restrictions which may be more restrictive than the Fund Rules adopted in respect of Shares of the relevant class. The Investment Manager may reflect the Manager's restrictions or itself impose investment restrictions more restrictive than the Fund Rules adopted in respect of Shares of the relevant class on any person to whom it delegates any of its powers. It must not be assumed, therefore, that the assets of a particular Class Fund are invested in the maximum proportions allowed by the Fund Rules.

Borrowing Restrictions

The borrowing and lending restrictions relating to all Class Funds are summarised below:

Borrowings for a Class Fund shall be restricted so as to ensure that the amounts outstanding from time (including any amounts pursuant to Article 33.2 of the Articles) do not exceed five per cent. Explanation of certain aspects of the principal differences:

Item 5: Investment restrictions on the use of derivative instruments

- a. The RSA legislation in relation to efficient portfolio management techniques and derivative investments may be more stringent than that of Jersey.
- b. The aggregate net exposure of the Class Fund shall not at any time exceed 15% of the NAV of the Class Fund. Restricted for the purposes of efficient portfolio management in reducing, transferring, or eliminating investment risk and on a temporary basis to effect efficient strategic asset allocation policy adjustments between markets. The Class Fund may enter into forward purchase contracts, purchase and sell traded call or put options upon securities listed or dealt in on a stock exchange or other markets acceptable to the South African regulator or invest in or acquire financial futures contracts, including stock market indices futures contracts, or options to purchase money market or other financial instruments

Item 6: Investments in listed instruments

- a. The South African Collective Investment Schemes Control Act, 2002 (“the Act”) requires that 90% of the value of a portfolio must be invested in securities listed on exchanges having obtained full membership of the World Federation of Exchanges.
- b. The underlying investments may be either listed or unlisted, examples of unlisted permitted holdings are bank deposits or other collective investment funds with similar investment restrictions. Share classes may also invest in bonds, notes, debentures, money market instruments or other debt securities issued by banks, financial institutions or corporations of which not less than 90% must be investment grade. Such funds may also invest in bond notes or other negotiable instruments in freely convertible currencies issued by sovereign borrowers.

Item 7: Non-equity securities (other than issued by the Government)

Bonds, notes, debentures, money market instruments, negotiable instruments, or debt securities issued by banks, financial institutions, corporations or sovereign borrowers of which not less than 90% shall be investment grade and not more than 10% shall be non-investment grade and all of which shall be rated by Standard and Poor’s and/or Moody’s Investors Service or Fitch (the “Rating Agencies”). Should the rating of an instrument differ between the Rating Agencies, the “Blended Weighted Average Rating” is determined as follows: In line with the methodology used by Barclays Capital Global indices, the middle rating from the three Rating Agencies (S&P, Moody’s and Fitch) will be assigned to each security. In the event that the ratings are provided by only two agencies, the lowest rating will be assigned. If only one agency assigns a rating, that rating will be applied. The equivalent numerical rating is assigned to each security based on the Security Level scale.

Item 8: Investment in unlisted instruments

Shares and equivalent equity participations, being within Europe or Turkey, quoted, listed or traded on a Stock Exchange that is a full member of the World Federation of Exchanges (“WFE”) and for the avoidance of doubt this also includes the London Stock Exchange and Euronext However, a maximum of ten per cent (10%) of the net asset value of the Class Fund may be invested in such instruments that are not so quoted, listed or traded. Unlisted derivative instruments will only be allowed for purposes as determined in paragraph 6(e) of Notice 2076 of 2003 as amended by Notice

1502 of 2005 pursuant to the South African Collective Investment Schemes Control Act 2002, as amended from time to time, i.e. unlisted forward currency, interest rate or exchange rate swap transactions.

Item 10: Borrowing / pledging

- a. In RSA, borrowing is allowed up to 10% of the market value of the portfolio to bridge insufficient liquidity as a result of the redemption of participatory interests.
- b. Borrowings for the Class Fund shall be restricted so as to ensure that the amounts outstanding from time to time do not exceed 5% of the NAV of the Class Fund. At all times such borrowings shall be of a temporary nature and solely for the purposes of meeting redemption requests or making provision for the late settlement of monies following a switch from another Class Fund.

Item 11.2: OTC Markets

The investments in which the Class Funds will be invested may be listed or unlisted, exchange traded or over-the-counter, and rated or unrated. Shares and equivalent equity participations, being within Europe or Turkey, quoted, listed or traded on a Stock Exchange that is a full member of the World Federation of Exchanges and for the avoidance of doubt this also includes the London Stock Exchange and Euronext. However, a maximum of ten per cent (10%) of the net asset value of the Class Fund may be invested in such instruments that are not so quoted, listed or traded. Unlisted derivative instruments will only be allowed for purposes as determined in paragraph 6(e) of Notice 2076 of 2003 as amended by Notice 1502 of 2005 pursuant to the South African Collective Investment Schemes Control Act 2002, as amended from time to time, i.e. unlisted forward currency, interest rate or exchange rate swap transactions.

Item 12: Expenses/Charges

In terms of RSA legislation, RSA collective investment schemes are only allowed to deduct specifically defined expenses from the income of the Company.

Item 14: Risk factors

The Risk Profile of an investment in the Company is not significantly higher than the Risk Profile of similar investments in units offered for sale in South Africa by Management Companies registered under the Act. The investment in the Company will not have a greater country risk than an investment in units in a portfolio registered in South Africa. Not more than 10% of the net assets of the Fund may be invested in securities not readily realisable.

Investors should be aware of the risks associated with investing in securities markets including political, regulatory, currency, market, settlement, taxation and premium risk.

Item 15: Capped or not capped

The Company does not have any provisions that allow funds to be capped. RSA collective investment schemes are allowed to make provision to allow the manager to cap a portfolio in its discretion.

Item 16: Redemption of units (repurchase)

- a. In terms of RSA legislation and RSA deeds, a local manager is required to repurchase participatory interests (units) from the public at a price, which has been calculated not more than 24 hours preceding the receipt of the application. RSA managers may also suspend the dealing in participatory interests in terms of the requirements of RSA legislation. The underlying funds are required to buy back units on demand and may only suspend trading under extreme conditions.
- b. Dealing is daily. The minimum initial investment and holding amount in a Class Fund is shares to the value of US\$100,000. Shares may be redeemed on any applicable Dealing Day. Shareholders may redeem the whole or part of their holding provided that the residual balance of shares does not fall below the minimum holding. Redemption instructions may be given in writing, by telephone, by fax or other means of electronic transmission to arrive by 2.30 p.m. Jersey time on the Business Day before a Dealing Day. Settlement of redemption proceeds may take up to 14 Business Days following the relevant Dealing Day. There is no charge or fee for redemptions.
- c. The Directors may, in their absolute discretion, but with the consent of the redeeming Shareholder, arrange that the settlement of redemption proceeds be made either in whole or in part by a transfer to the redeeming Shareholder of assets attributable to the relevant Class Fund equal in value to the amount to which the redeeming Shareholder would have been entitled if the payment had been made in cash PROVIDED THAT any such "in-specie" redemption will not materially prejudice the interests of the remaining shareholders in the Company.

Item 18: Taxation of Portfolio/Company

- a. RSA Collective Investment Schemes are exempted from any RSA taxes within the scheme, as all income and gains are passed through the investors and are taxable in the hands of the investors.
- b. Jersey has introduced a new corporate tax regime applying to companies first regarded as resident on or after 3rd June 2008. The regime is known as 'zero/ten'. The general rate of corporate income tax is 0% under the new regime. A 10% rate applies to certain regulated financial services companies. The 0% rate will apply to the Company on the basis that it does not engage in relevant regulated activities. The Company will make a range of investments in various jurisdictions and some of the income and the gains on the investments in certain class funds may be subject to withholding and other taxes.

Item 19: Taxation of Unit holders

- a. RSA residents will be subject to RSA income tax on foreign income earned at their marginal rate as well as capital gains tax on foreign investments. Prospective investors are advised to consult their own professional advisors on the implications of making an investment in, holding and disposing of units under the laws of countries in which they are liable for taxation. The effect of the tax provisions may depend upon the individual circumstances of an investor. Taxation law and practice, and the levels of taxation are subject to future alteration.
- b. With effect from 23rd February 2000, the South African Authorities have imposed a tax on foreign dividends received. Redemption at a premium may well result in the receipt of a "dividend", which would be taxed as set out above. Shareholders are not subject to any death duties, capital gains, gift, inheritance, capital transfer or income taxes in Jersey. No stamp duty is levied in Jersey on the transfer, redemption or conversion of shares. Dividends paid on shares held by persons who are not resident in Jersey, will not suffer Jersey withholding tax.

- c. Prospective investors should consult their professional adviser on the possible tax consequences of buying, selling, holding or redeeming shares / units under the laws of South Africa and of relevant exchange control restrictions.

Item 31: Non-ring fencing of assets

Your attention is directed to page 10 of the Prospectus, under the heading “Risk Factors”, with regard to the treatment of any liabilities not directly attributable to a particular Class Fund. In this regard, investors should be aware that although the investment policy of each of the Class Funds renders it highly unlikely that the assets attributable to any one Class Fund will be insufficient to meet liabilities attributable to that Class Fund, if such event should occur this would affect the other Class Funds, because although each Class Fund is to be treated as bearing its own liabilities, the Company as a whole remains liable to third parties. The directors are not aware of any such existing or contingent liability.
